It's hard to believe that another month has come and gone and we are already looking at May 2018! We have been talking about God's reward being found in our response. What kind of rewards have been lavished upon you this year? We are walking in a miraculous season. God is showing His unfathomable love for each of us in our daily life. Embrace what God is giving you. Sometimes your miracle doesn't look like what you were looking for, but only His vision is really 20/20! A caterpillar looks much different than a butterfly, yet they are a part of the same life cycle. When the storms of life come, grab your surf board, ride the wave, and exalt God for the beauty of the air that we breathe! The very breath in your

lungs is a sign of His heart beating for you. He loves you dearly and He wants to pour His love upon you. Respond to life in such a way that you are constantly pouring your love back upon Him. THAT is a life cycle that will never grow old.

He adores you!
